COGNAC

Bisquit presents the **limited edition 1819 XO Gold**,
a luxurious celebration of time-honoured cognac excellence

Bisquit proudly presents 1819 XO Gold, a limited edition of just 1,819 golden decanters available worldwide to commemorate the year 1819, when the House was founded. Bisquit's dedication to excellence remains steadfast nearly 200 years later, and Bisquit 1819 XO Gold uniquely reflects the savoir-faire and meticulous attention to detail passed down throughout the generations by founder Alexandre Bisquit himself.

CRAFTED WITH CARE

Each of the 1,819 XO Gold decanters has been selected and embellished by hand, and features a unique, hand-written number to mark the limited edition range. Each decanter has been cork-sealed and carefully placed in its own box which protects, whilst elegantly displaying, its contents. A special leaflet with a QR code supplied with each decanter provides connoisseurs with an interactive online journey that brings the magic of XO Gold alive through the words of Bisquit House President Vincent Chappe.

BISQUIT'S TIME HONOURED PROCESS

Bisquit's choice to bestow a longer distillation time to its cognacs is the hallmark of the House's savoir-faire, and the origin of its cognacs' award-winning smoothness, suppleness and more generous bouquet of aromas. Bisquit XO, with its remarkable colour, reveals its maturity through generous fragrances of prunes and candied fruit with spicy nuances of cocoa, tobacco and leather which contribute to a balanced, flavoursome and silky taste with a prolonged and refined finish.

"Bisquit XO is our House's most magnificent cognac, which we have given the time to come to its fullest expression" says Denis Lahouratate, Bisquit's Maître de Chai. "We're proud to offer cognac connoisseurs the limited edition XO Gold, a homage to our heritage and to the vision of our founder Alexandre Bisquit."
